COVID-19 Considerations:

We expect that the coming year will continue to present challenges and changing circumstances related to Covid-19. **Our bursary panel will take Covid-19 restrictions into consideration when evaluating proposals, with the intent of selecting a project that is feasible to complete within the context of 2022/23.** That said, we also acknowledge that flexibility will be necessary, and that project activities may evolve or be delayed over the course of the year as circumstances change. If you have any questions related to your proposal and Covid-19, please don't hesitate to get in touch.
